

Position: Design Intern
Employer: Hiplok (Plus 8 Industries Limited)
Location: Leamington Spa
Salary: Competitive based on experience

Innovative cycle brand Hiplok is looking for a talented and multi skilled creative to work on a variety of projects directly supporting the company co-founders, John Abrahams and Ben Smith (Coventry University Product Design Alumni).

Hiplok design and manufactures a wide variety of bicycle security products which are distributed and sold across the world. Renowned for their design innovation, the company is growing and continues to launch new and unique products. As Design Intern, you will have the opportunity to work on a number of projects through the business to include new products, point of sale solutions and structural packaging as well as various marketing and communication projects.

You will need to have:

- Experience in using Adobe Illustrator and Photoshop
- Concept design experience
- Excellent organisation and communication skills
- Desire to learn and work to project deadlines

The following are a bonus:

- Experience of CAD Modelling
- An interest in cycling

The internship will be for 3 months from September 2017 with the possibility to extend based on performance and is based at Hiplok HQ in Leamington Spa. There is some flexibility to the role either being full time or part time to accommodate either sandwich year students or those looking for work experience alongside study.

If you're a talented design undergraduate or recent graduate with creative flair but a structured approach to delivering on projects then this is a great opportunity for hands on experience in a design-led company at an exciting time of growth.
